

## Big Band Ballads & Blues

by Bob Baker

I have become a big fan of Dick Carr's wonderful syndicated radio show, BBB&B, as he refers to it. It is broadcast over Pittsburgh's WJAS - AM on Saturday evenings for three hours. Dick is a kindred spirit of all Freshmen devotees and I have begun communicating with him. He has already plugged the 2006 FFS Convention, and has been invited to join us next August.

The show is carried on (56) stations in (52) markets from coast to coast. Do yourself a favor in the event you have not caught it on your locale affiliate and listen in. Great music and wonderful background information about the artist is provided by the astute Mr. Carr.

As space restrictions here will not permit all the long list of cities, stations and times, contact:

Truly wonderful music is often difficult to come by. This show reminds me so much of Freshmen and Friends produced and broadcast by Chick and myself, but on a much broader scale.

Great work "Dick"!
