I would like my albums to find new appreciative homes! My list includes very rare (almost impossible to find) LP's. My collection includes vinyl LP's that, as far as I know, are total surprises....just like that Japanese compilation that Fausto Yturria bought at auction a couple of years ago that Ross Barbour didn't even know existed!

Music Mart News

John Bangs, Music Mart Director

As of December 10th I still have NO word as to the availability of the new (still untitled) Freshmen album from the Annenberg Theater. As soon as they are in production your Music Mart will offer them.

However, all is not lost. I have been in contact with Collector's Choice Music. With a little luck we'll have two new albums to be offered in the March-April Fresh News. One is a twofer, the other Group Four's LIBERTY Years popular renditions.

Dear Freshfans,

Several years ago my wife and I attended the FFS Convention @ Sawmill Creek in Ohio. At the dinner party an auction was conducted and I was the successful bidder for a "Freshmen Uniform" - a performance outfit that was used by Ross Barbour (and perhaps other Freshmen) way back when.

I am asking \$250.00 for the outfit. There are four parts - a pair of trousers and a vest of the same color, a brownish red....a plaid pair of trousers (black and red)....and a multi-colored shirt, sort of a flowery design. I have never worn the "suit" because it is too small for me, and it's been hanging in my closet in the same condition as it was @ the convention!

If there is anyone out there in FF Land that would like to have the outfit, please let me know:
