Open Letter to
Bob, Brian, Vince and Curtis
by Harrison Cole, NC Rep

As you know, we Freshmen fans look forward to getting our Fresh News every two months. This publication has been coming to the members of the Four Freshmen Society, Inc. for about twelve years, I think (give or take a year or two). I'm sure it has been a labor of love and much hard work for Chick Trafford and those who help him to put together for us to keep up with the latest news from our "extended family." We (Fresh Fans) owe Chick and his staff many thanks for their unselfish, devoted time and work. At times I am sure it is hard to put together a paper when there is not much information coming in that would make an interesting and newsworthy read.

With this in mind, what I am trying to say or ask of you is this: On your much traveled concert tours you must have many things that happen which are routine, boring, irritating as well as funny or unusual. Maybe dumb questions we fans ask you, or arrangements that don't come off, or times when everything seems to work right (or wrong). Get some of your pet peeves off your chest or good things that happen, etc. , etc.

If, from time to time in your travels or in a motel room at night you could jot down something that happened or was on your mind and just stick it in a "community" envelope and maybe once a month or so mail it to Fresh News. Perhaps we could have a column called "Notes from the Road" or something like that in Fresh News? This is not meant to be an extra burden for you, but just a chance to express some thoughts you might have, if you want or if not, no problem. Heck, you might even find it therapeutic!
